

European Law

European and international law

Redeker Sellner Dahs' practice in the area of under European and international law offers clients legal advice at the highest level. We advise enterprises as well as associations, institutions and governments with in-depth jurisprudence knowledge, a feel for political sensitivities and a profound understanding of company exigencies and needs.

Our European and international law practice is unmatched in Europe. With academic rigour, political sensitivity and a thorough understanding of commercial issues, our highly skilled lawyers have been advising and representing companies of all sizes, associations, and European and international institutions for decades. Our clients benefit from our in-depth knowledge and our dedicated lawyers who are able to draw on the contacts we maintain with key decision-makers.

Practice areas (selection)

We have been and still are involved in almost all major European developments, be it the reform of Economic and Monetary Union, the regulation of the financial markets and of Internet platforms, the single market, climate and environmental protection, security legislation or Brexit. In over a hundred cases, we have represented governments, European institutions and companies before the European courts.

EU law

- Institutional law
- Fundamental freedoms and fundamental rights
- European environmental, energy and product law
- European financial market regulation
- TMT, privacy and copyright
- Antitrust, state aid and foreign trade law
- National implementation and enforcement of EU law

International law

- Institutional law
- Fundamental and human rights
- International economic, trade and investment protection law
