## Strategy & Consultancy

We have been advising regulated industries on all regulatory matters since the founding of the Federal Network Agency. Decades of regulatory expertise enable us to cover the entire range of regulatory topics, from unbundling to highly complex issues of access and fee regulation.

## Practice areas (selection)

- telecommunications and postal services
- energy
- railways
- regulatory issues beyond infrastructure operations,  
e.g. renewable energies

## Clients

Our clients benefit from our extensive expertise and our ability to get to the core of the specific problem rapidly and effectively. We work in highly efficient teams that quickly identify key points and solve them. One of our competitive advantages is the fact that we can interlink collaboration across locations and can address issues directly at the headquarters of the Federal Government, the Federal Network Agency, the Federal Cartel Office and the European Commission.
